

In developing the new Healing Touch textbook *Foundations and Practice of Healing Touch*, all techniques were reviewed and original sources referenced to ensure that techniques were true to original sources, adequately supported by reference material, and up to date in terms of original and more recent source materials. Re-visioning was done to rename, modify, or create new technique sequences. Most were unchanged. This handout provides information about the new technique names.

Technique Names that Remain the Same

Chakra Connection
Chakra Spread
Spiral Meditation
Chelation

Previous Technique Name	Revised/New Technique Name
