**Anatomy & Physiology and the Energetic Connection
An Online Course**

*****Now approved to meet the A & P prerequisite for Course 1 Instructor**

***Training. Approved to meet 20 HBB continuing education contact hours
for practitioner or instructor certification renewal.***

This course is designed to educate and refresh the knowledge of Healing Touch students and practitioners regarding the

- Anatomy and physiology of the physical body, the
- Body's relationship to the human energetic system/biofield, and the
- Corresponding use of appropriate Healing Touch interventions.
- Provide a basic overview of the physical body/organ systems and the relationship to the energy system and Healing Touch interventions. This is not an in-depth anatomy and physiology course.
- Offer a general understanding of how each individual system/organ functions in a healthy intact state and how the systems interact with each other.
- Connect potential disease or malfunction with imbalanced energetic states and associated energetic patterns.
- Correlate Healing Touch interventions to facilitate optimal health.
- Having a foundational understanding of Anatomy and Physiology (A & P) is useful to the practitioner.
- This course can be used for 20 HBB continuing education contact hours for CHTP or CHTI recertification
- This online course meets the Anatomy & Physiology prerequisite for Course 1 Instructor Training.
- This course will be using the Google Classroom platform and is very easy to navigate.

**CHTPs &
CHTIs**
**Please send
us a photo of
yourself!**

CHTPs and CHTIs! Please forward a self-photo for us to retain in your office certification file. We have many new certified practitioners and we have not had the opportunity to meet many of you in person, thanks to the years of lockdown. It definitely helps us to put a face to the name of the person to whom we are speaking or writing. A capture on your phone camera is easy; simply take a snapshot of yourself, attach it to an email and then forward it by email to certification@healingbeyondborders.org

Thanks so much!

New Designation - CHTI Retired

A new designation is now being offered: **CHTI Retired** for those who have decided to retire from teaching while wanting to stay connected with HBB. CHTIs have been

required to be members of HBB. As they retire, we are offering the use of the credential *CHTI Retired* along with a reduced annual HBB membership rate of **\$75 USD**. To those who use this designation, we extend our gratitude for years of teaching the HBB Healing Touch curriculum.

Note:

- The option for this designation is only available after having completed at minimum 5 years of active, unrestricted teaching.
- CHTIs should submit a letter of intent to retire to the HBB certification administrator (certification@healingbeyondborders.org) upon the approach or expiration of your CHTI certification renewal.
- Once retired, *you are no longer eligible to teach, supervise, co-teach or formally mentor Instructors-in-Training, and are required to resign from any instructor committees (ITAC or ITC).*
- You can, however, **formally continue to mentor students in their Course 4 Practicum through CHTP certification**, provided you remain current as a CHTP.
- Lastly, **we welcome your ongoing contributions and sharing of your wisdom and experience.** This could be through writing contributions to our quarterly *Perspectives in Healing*, attending and/or presenting at our annual conference, participating in monthly practice groups, or serving on committees or boards. Perhaps you have other ideas!

CLASS PHOTOS FOR NEWSLETTER AND SOCIAL MEDIA

We'd love to see photos from your classes! Please send your class photos for posting in our quarterly *Perspectives in Healing* and social media! Please confirm consent from the students by ensuring that they selected "Yes" Approval for use of photo in social media on the class Sign in Sheets. It's very important to share the breadth of our work throughout the world!

Please send as an **attached photo(s)** (.jpg or .png), rather than in the body of the email. If you have great photos of students practicing Healing Touch, these are also wonderful to include. Be sure to include: **Course level, Instructor and co-instructor names with credentials, class location and dates.** Send to either

Carrie at education@healingbeyondborders.org
or Lisa at director@healingbeyondborders.org

The student names will remain anonymous! Thanks so much!

Class Fee Payments by Zelle Now Available for Instructors with US Banks

We've set up a **Zelle** account for Healing Beyond Borders to receive class fee funds from **US Banking** Instructors. The HBB Zelle account is linked to the director@healingbeyondborders.org email; that email will direct payors to our bank for deposit into our HBB checking account and that email will receive confirmation of the deposit. (Please see below.)

When emailing class reports to education@healingbeyondborders.org, please acknowledge that your payments are being sent via Zelle.

PRACTITIONERS: Cultivating the Next Generation

As always, be mindful of students, practitioners and certified practitioners in your area that show promise and interest as potential instructors, and encourage them to investigate the opportunities for training to become an instructor. (Either visit the website or contact the office.) Recall some of those important skills that support a successful instructor such as, integrity, strong clinical skills and experience, and passion for this work.

Reminder: Course 4 Instructors - Gift Envelopes for Students in their

C4 Practicum

Course 4 Instructors will be receiving additional packets of HBB gift envelopes to give to their students. Often, as students are entering their practicum and offering sessions in exchange for the opportunity to learn from the experience, patients/clients may inquire about how they may compensate the student. Victoria Cornelius MD, CHTP, prior to rotating off the board of directors, provided funds to create gift envelopes that C4 Students can share with those patients/clients or others, as a means of paying it forward so that this important work may continue.

Membership in Healing Beyond Borders

Please encourage students and all CHTPs to become a member of Healing Beyond Borders, their professional Healing Touch organization, in every level of classes and on through certification. This supports the mission, operation and continuation of this organization. We appreciate your ambassadorship!

As always, if you have any questions, please call or email the office. Blessings and kindest regards to all!
